

First Time Setup

Download the Canvas Parent app for Android devices.

Open the app and tap the **Find my** school button.

Enter the name of your institution or school district. When the full name appears in the search list, tap the name.

To create an account, tap the **Create Account** link.

Enter your name in the **Your Name** field [1] and email address in the **Your Email** field [2].

Then create a new password by entering it in the **Password** field [3]. Confirm your new password in the **Re-enter Password** field [4].

Enter the six-digit alphanumeric pairing code for the student you want to link to in the **Student Pairing Code** field [5].

The pairing code will expire after seven days or its first use.

Additional Students

Follow these steps to add additional students to your Canvas Parent app if you have more than one child using Canvas in their classes.

Tap the **Menu** icon.

Tap the Manage Children link.

To link a student to your account, tap the Add Student link.

Type the student pairing code into the Pairing Code field [1]. Then click the Add button [2].

View a list of your managed students on the Manage Children page [1]. To manage a student, tap a student's name [2].
